

Chapter 7

CHURCHES AND RELIGIOUS DENOMINATIONS

CHURCHES IN GREECE

ΕΚΚΛΗΣΙΑ ΤΗΣ ΕΛΛΑΔΟΣ **[CHURCH OF GREECE]**

The Athens Cathedral [Μητρόπολις Αθηνών]

The Church of Greece [*Εκκλησία της Ελλάδος, Ekklisia tis Ellados*] is one of the Orthodox Churches, and it is the established church of the country. It holds a place of supreme importance in the life of the nation. Among no other people is the identity of church and state more thoroughly rooted. The church has exerted great power in Greece throughout its history and continues as a dominant force in modern Greece. Over ninety seven percent of the population of Greece belongs to the Church of Greece.

The Church of Greece became an independent national church in 1853. It is self governing, with its own primate, the Archbishop of Athens. There are total 80 dioceses belonging to the Church of Greece including the Archdiocese of Athens. The Church of Crete is semi-autonomous under the Ecumenical Patriarchate, and includes 8 dioceses including the Archdiocese of Crete. The dioceses of the

Dodecanese Islands are 4, and they also are semi-autonomous under the Ecumenical Patriarchate. For addresses of dioceses see p. 80.

Orthodox doctrine teaches that the Orthodox Church is the true, original Christian church, and that man can achieve eternal salvation and reward through the seven sacraments. The ritual of the church is highly traditional and richly complex.

During the Ottoman rule over the eastern part of Europe the Orthodox Church played a very significant role, not only as a religious but also as a governing entity, due to the autonomy that was granted to the Christian population. This is why we find today **church records**, of that period of time, that include not only vital records but also judicial records, land transfers etc. For addresses of dioceses see p. 80.

CATHOLIC CHURCH

A Catholic Greek boy

The Roman Catholics have three archbishops in Greece. These are in Athens, and the islands of Naxos and Kerkyra [Corfu]

There is also one Roman Catholic bishop over the islands of Syros and Santorini.

Through the ages a strong argument existed between the Orthodox Church and the Roman Catholic Church, each claiming they are the continuation of the original church established by the Apostles. This argument had caused serious problems for those who belonged to one of these churches and married someone who belonged to the other. However this situation has been smoothed in recent years.

Agioi Apostoloi church in Pelasgia, Fthiotidos

BAPTIST CHURCH

The Baptist Church has a very small number of followers in Greece.

CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS

The Church of Jesus Christ of Latter-day Saints maintains four branches in Greece. The number of its Greek members is small.

EVANGELICAL CHURCH

This church also has a small number of followers in Greece. Most of them are not native Greeks.

JEHOVAH WITNESSES

Especially during the last years the Jehovah Witnesses have gained a larger number of followers in Greece.

JEWISH SYNAGOGUES

Large harbors in Greece were populated by a fair amount of Jewish people, therefore we had Jewish Synagogues not only in Athens but also in towns such as Thessaloniki [Salonika], Halkis, Patras etc.

ORTHODOX CHURCHES IN OTHER COUNTRIES

AMERICA

ARCHDIOCESE OF AMERICA

also known as

GREEK ORTHODOX CHURCH

The Orthodox Church of North and South America is called *Greek Orthodox Church*. It is a semi-autonomous church. The leadership of it consists of an Archbishop and his counselors the *Archdiocesan Council*, with its headquarters in New York. For the address see end of this chapter, p. 80.

CYPRUS

CHURCH OF CYPRUS

Consists of one Archdiocese (stationed in Nicosia), and the following dioceses:

- Pafou
- Kitiou
- Kyrineias
- Lemesou
- Morfou

TURKEY

ECUMENICAL PATRIARCHATE

In early years the Christian church was called Catholic and Apostolic Church. Later the church was divided in the *Eastern Catholic Church* also known as the *Orthodox Church*, and the *Western Catholic Church* also known as the *Roman Catholic Church* or *Catholic Church*.

In the following centuries the head of the Eastern Church was called the *Patriarch*, stationed in Istanbul (called Constantinople until the 1920's), in Turkey. The head of the Western Church was called the *Pope*, stationed in the Vatican, Italy.

The *Ecumenical Patriarchate* was over all Christians of Eastern Europe. Eventually one by one the orthodox churches of each of the European countries became autocephalous [independent church]. If your ancestors are from **Asia Minor, Eastern Thrace, and other parts of Turkey**, you need to contact

the Ecumenical Patriarchate or the Archdiocese of Constantinople, or one of the Dioceses, according to the area you are interested in. If you write to the Ecumenical Patriarchate you can write in English. Do not ask information about your ancestor; only ask for the address of the Diocese to which the town of your ancestor belongs. The address of the Patriarchate is given on p. 82.

1. The Archdiocese of Constantinople [Istanbul] covers the following areas:

- Staurodromiou
- Tataoulon
- Bosphorus
- Ypsomatheion
- Fanariou - Keratiou Kolpou

2. The Dioceses in Turkey cover the following districts:

- Halkidonos
- Imvrou & Tenedou
- Prigkiponnison
- Derkon

The Monastery of Agios Georgios [Saint George], Myloi, Fthiotidos. It was originally built during Byzantine times, renovated during the 1980's.

ADDRESSES OF DIOCESES, ARCHDIOCESES AND PATRIARCHATE

The addresses of the “**Greek Orthodox Church of America**” and the “**Greek Orthodox Archdiocese of Australia**” are included on this list. A fine source for addresses of **Greek churches in other countries** is the book *ΑΔίπτυχα της Εκκλησίας της Ελλάδος [Diptycha tis Ekklesias tis Ellados]*, published by the Αποστολική Διακονία της Εκκλησίας της Ελλάδος [Apostoliki Diakonia tis Ekklesias tis Ellados], Athens, Greece. (See chapter 2, p. 25).

When contacting a diocese, the initial request of information should be made by regular mail not by phone. One of the reasons is to include money for the cost of the certificate. (See chapter 8, *Research by Mail*, pp. 93-97, and 108).
